## EXCELLENT REPORT OF LIBRARIAN

That is a splendid report of the public library for the month of March, presented by the librarian, Miss Grace Langan, to the library board at its regular monthly meeting Thursday night.

The new penny-a-day books have brought in a nice sum for the book fund, and the fines on overdue books added another good sum.

The recent addition of new books has made a big increase in the patronage in all lines of reading.

The board at Thursday night's meeting ordered the purchase of the new Encyclopedia Britannica and \$115 worth of other works. The report of the librarian follows:

Books and magazines loaned	2233
Average per day	72
Total number readers in rooms	2525
Average per day	81
Readers' cards issued	29
Total collection	\$21.80
Compared with March, 1910:	
Increase in attendance	167

## TODAY WAS THE DAY SET FOR HANGING

Today was the day set for the hanging of Hez Rasco, who was convicted of the murder of the Hubbell family, but sentence was not and will not be carried out, as he has been given a stay of execution until the supreme court passes upon the case.

According to the jailers, Rasco has become more sullen and morose, and seems to have lost that care-free manner. They say he seldom speaks to any one now.

The supreme court will probably not pass upon the case until the October term, and their decision will be given by the first of the year. The attorneys for Rasco are busy preparing the bill of exceptions, which they must have ready by July 1.

### Was Here from Texas.

## MEMBER OF TEXT BOOK COMMISSION

Superintendent Oakerson is a member of the board, and the other member, to be appointed later, will take the place of Rev. Alva C. Brown, pastor of the M. E. church at Bolckow, who has removed from the county since his appointment, some two years ago.

## GRIFFIN ARRESTED

AFTER HAVING BEEN TRACKED A YEAR OR SO.

## WAS WELL KNOWN HERE

Was Arrested at Ainsworth, Neb.—Used the Mail to Defraud is the Charge.

Word was received in Maryville Friday by Sheriff Tilson that James Griffin, who is known in police circles here, was arrested in Ainsworth, Neb., on Tuesday by the sheriff of that county, at the instance of S. S. Ranger, postoffice inspector of the Creston division. Griffin was going under the name of J. E. Williams in Ainsworth, and had been living there for a few months.

Griffin was one of the "stealers" for the Mabray gang out of Council Bluffs and was in Maryville over a year ago when a branch office was established here. It is said that he was the one that induced Bedford of Bolckow to part with his money, and by whom several others around Maryville were also fleeced.

Griffin is well remembered in Maryville, as he was up in circuit court on a charge of gaming over a year ago. Griffin bought a mule of George Ripley of Pickering, paying some money down on it, and the mule was to be delivered to him at Pickering on Sunday. Ripley and his wife brought the mule to town on that day. It is claimed Griffin and several others got Ripley drunk, and in a game of poker played in a barn there Griffin won back \$80 of the money he gave Ripley. Mrs. Ripley, after several hours of waiting for her husband, heard about the game. She immediately got busy, and in a few minutes had possession of the mule again, and took him to the farm. Griffin then had a replevin suit brought and gained possession of the mule. It was during this trial that the gambling game was brought to light that caused Griffin and Smith to be arrested for gaming, pleading guilty to the charge in circuit court and being fined \$25 and costs each.

Another deal Griffin was connected with was the one in which he sold a worthless jack to Ben Carson of Wilcox for \$600. Carson had given Griffin his note and also a mortgage on the jack. Griffin foreclosed the mortgage and sold the jack in Maryville in the sale ring at \$70. Then Carson brought suit against Griffin, and the case was tried in circuit court here a year ago, Carson winning the suit. Griffin still owes the circuit clerk about \$145, judgment and costs in the case.

It was while the trial was in progress here that Sheriff Tilson was informed by Bedford of Bolckow that a warrant had been issued at Council Bluffs for the arrest of Griffin. Sheriff Tilson immediately called up the officials at Council Bluffs, and was told that no warrant for Griffin had been issued there.

On the next day after the trial the postoffice inspector came to Maryville with the warrant and found that Griffin had gone to parts unknown. Search was made at once for him, but nothing was learned until about two months ago, when Sheriff Tilson tracked him to Sioux City, Ia., where he was going under the name of Frank Ewing. The postoffice inspector was told at once, but he arrived in Sioux City a day after Griffin left. It was learned then that a former Nodaway county woman, who used to live in the Burlington Junction neighborhood, and for the past few years on the Iowa line, had been living with Griffin, and that after Griffin left Sioux City this woman returned to her home, staying for two or three weeks. She was closely watched, and when she returned to Griffin at Ainsworth, Neb., where he had finally located, the officers tracked him there and the arrest was made Tuesday.

The charge Griffin was arrested on is the use of the mails to defraud. He was taken to Council Bluffs and will be tried there in the federal court.

Sheriff Tilson deserves praise for the part he took in the matter, and was responsible for tracking Griffin from place to place so successfully.

Griffin is quite a noted character, and had a very important part. It is said, in the dealings of the Mabray gang. He has a wife and three children who have been living at Council Bluffs, whom he abandoned some years ago.

Attorney M. E. Ford went to Hopkins Friday on business.

## 2 SETS OF OFFICERS

SUNDAY SCHOOL ROW CAUSES A SPLIT IN DR. COOK'S CHURCH.

## E. E. ALESHIRE IS LEADER

Efforts to Patch Up Trouble in Tabernacle Baptist Church in Kansas City Unavailing.

There is a sudden rent in the Tabernacle Baptist church of Kansas City, of which Dr. Homer M. Cook is the pastor.

The following article appeared in the Kansas City Star of Thursday. As it concerns a former well known citizen of Maryville, Dr. Homer M. Cook, who was president of the Northwest Normal for two years and previously pastor of the First Baptist church of this city, it will be of general interest.

A church row seen from a distance is nearly always interesting, but mighty uncomfortable at home, and as it is not always easy to tell which side is right and which side is wrong, even in your own church, the Kansas City church row can be regarded with interest on both sides of the question at this safe distance.

Edward E. Aleshire, an attorney and one of the deacons in the Tabernacle church at Kansas City, was a former Stanberry attorney, and has frequently practiced in the Nodaway county circuit court. Several years ago, while a resident of Stanberry, he was a candidate for the nomination for congressman from this, the Fourth, district on the Democratic ticket.

The story in the Star reads:

It was in many respects an unusual Wednesday weekly prayer meeting last night at the Tabernacle Baptist church, Thirtieth and Holmes streets. While the voice of the pastor, the Rev. Homer M. Cook, was raised in a benediction—more fervent than is customary, perhaps—seventy-two members of the insurgent party of the church, in the same room, were voting in an extra set of deacons. Then some of the Regulars, as the pastor and his followers are known, sang the Doxology in an effort to disrupt the meeting of the insurgents and even turned out the gaslights. But the insurgents stayed in the darkness to continue their voting.

That is the reason the congregation has two sets of deacons today. Each board contends that it constitute the official organization of the church. Each says it will manage the affairs of the church in the future.

"Amen, you are dismissed," the pastor said at the close of his benediction last night.

What the Row is About. "The motion is carried. What is your further pleasure?" Edward E. Aleshire, an attorney and leader of the insurgents said, almost at the same moment.

That was a sample of the controversy at the church last night.

The "insurrectos" of the congregation charge the pastor and the old board of deacons with acting arbitrarily in the government of the church. The particular point of grievance was the disbanding of the Baracca and Philathea classes of the Sunday school. These are interdenominational societies with an international organization. The Baracca, the boys' class in the Tabernacle church, had fifty members. The Philathea was somewhat smaller. Both societies were organized in the Tabernacle church six years ago with a constitution which gave them the right to elect their own officers and teachers.

A Quarrel Over Chairs First. Leaders in the insurgent movement this morning said the antagonism toward the societies began when the pastor and a leader of the girls' class had a dispute over the number of chairs in the Sunday school rooms. Mrs. E. E. Hunt, 2608 Campbell street, was voted out of the church as a result of this trouble. "For talking disrespectfully to the pastor," her friends said this morning. The following week, however, she was reinstated.

That was the beginning of the trouble. Mrs. Hunt was deposed as leader of the Philathea class. When the society objected, the matter was laid before the church at the Sunday morning services, March 12. The pastor and the board of deacons contended that the two societies did not promote church unity. The matter was submitted to a vote and the two classes ordered disbanded.

After that the insurgent movement grew rapidly. There was an unusual

large attendance at the prayer meeting last night. After the customary opening devotional services, Mr. Aleshire arose.

Out of Order, the Pastor Said. "I have a resolution which I desire to read," he said. "I believe it will restore unity in the church."

"Read it," the pastor replied. Then the attorney read a long resolution, setting forth the grievances of the society and ordering their re-establishment.

"The resolution is out of order," the pastor said. "That matter has been settled once."

Mr. Aleshire appealed from the decision of the minister. Then Mr. Cook attempted to dismiss the congregation. The bolt of the insurgents followed. They elected Dr. Fred Kyger chairman of the evening and went ahead with their program.

Went on by Match Light.

Charges that the pastor had caused the resignation of the old board of deacons last December and taken upon himself the power of naming the new board were taken up. Just then the lights went out. But the meeting did not stop. Matches were lighted. And by their flickering light, here and there over the church room, the members continued their discussion until the gas had been turned on again.

The insurgents decided that the old board of deacons had not been properly elected, and proceeded to elect a new board. The church now has the following boards:

Old Deacons:	New Deacons:
J. D. Waggoner,	Richard King,
F. S. Casey,	William Greife,
Robert Roselle,	E. E. Aleshire,
John T. Stumpff,	Fred C. Anderson,
C. W. Garman,	Edward E. Hunt,
D. N. Gibbs,	Thomas Scott,
J. N. Moore,	W. K. Buxton,
	David N. Gibbs,
	W. G. Goodwin.

Pastor Depends on the Lord.

Just what the result of last night's clash will be members of the church cannot foretell.

"The board of deacons was chosen in a regular manner last night," Mr. Aleshire said this morning. "I suppose when Sunday morning comes the Baracca and Philathea classes will meet as they did before they were disbanded in March."

"The matter is out of my hands and in those of the Lord," Mr. Cook said. "I've trusted him for forty years and he has never left me in the lurch yet."

A Struggle for Control.

The members of the Tabernacle congregation now are erecting a new \$30,000 church building. They expect to dedicate it within three months. The regulars say the church "row" is the result of efforts of certain members to wrest the control of the church from the regular officers and take the management of its affairs into their own hands.

## STANBERRY YOUNG MAN PAROLED BY HADLEY

William McClean of Stanberry, who was sentenced to two years in the state penitentiary at Albany a week ago Thursday by Judge W. C. Ellison, when he pleaded guilty to the charge of receiving stolen goods, was saved the humiliation of entering the prison walls at Jefferson City as a convict, as Governor Hadley paroled him upon the request of many of the citizens of Stanberry.

The citizens of that town asked that Judge Ellison parole young McClean last week, and when the judge was returning home from Albany he was interviewed at Stanberry by a number of persons. He refused the parole at that time, saying that it was in the hands of the governor.

The Stanberry people took the matter up with Governor Hadley, and a delegation went to Jefferson City the first of the week to see Governor Hadley. They presented the case to the governor, and it being McClean's first offense, the governor yielded to the importunities of his friends to give him another chance. Judge Ellison also recommended the parole.

McClean, accompanied by the sheriff of Gentry county, was on the way to Jefferson City. When they reached St. Joseph they learned that Governor Hadley had paroled young McClean.

The parole issued by the governor was rather an unusual one in that McClean had not reached the penitentiary.

Miss Bertha O'Bannon, who has been visiting her parents, Mr. and Mrs. John Rush, who live on the Tobin farm, returned to her home in St. Joseph Thursday evening.

## TO BE ON NOV. 2-3-4

DATES FOR CORN GROWING AND DOMESTIC SCIENCE CONTESTS.

## LARGE NUMBER ENROLLED

Meeting of the Executive Committee Was Held Thursday and Schedule of Prizes Arranged.

The executive committee of the Nodaway County Agricultural and Domestic Science association met Thursday afternoon in the office of County Superintendent Oakerson and decided on Thursday, Friday and Saturday, November 2, 3 and 4, as the dates for the contest this year. The following members of the committee attended the meeting: Miss Hettie Anthony, James B. Robinson, Joseph Jackson, Jr., Paul Sisson, Edward E. Williams and Prof. W. M. Oakerson.

Dr. S. M. Jordan and Dr. W. W. Charters have been secured for two speakers of the meeting. Other speakers will be arranged for by the committee.

Over 500 boys and girls are now enrolled and about that many more are expected to enroll, as half of the school districts of the county have not yet reported.

The schedule of the prizes was arranged by the committee at the meeting Thursday and will be published in Saturday's issue of this paper. The prizes amount to a great deal more than they did last year, and will be a special inducement to many of the school children.

The event this year promises to be one of the biggest affairs ever held in the city, and Maryville is going to make arrangements to entertain the people that will come here.

Carter Harrison of Chicago has "come back" because the Democratic landslide is still sliding.

The Mexicans have but little initiative and less referendum, but they seem to be pretty effective with the recall.

"When will Governor Hadley sign the Normal appropriation bill?" says an anxious enquirer. Just as soon, we think, as he gets back from the St. Louis dog show.

Some very material excess evidence is being adduced at Springfield, Ill., in the Lorimer matter, and it is probable that the senator convicted by public opinion but cleared by his fellow senators has yet a rocky road ahead of him. The senate is not now so sympathetic, and it is probable that the investigators will persist until the whole truth in connection with his election is brought out.

#### HOW ABOUT THIS?

A lady reader of The Democrat-Forum complains because young ladies who go on the streets of Maryville and attend the shows in the evening unattended are subjected to annoyances and fright from street loafers and young nincompoops who perhaps do not appreciate the seriousness of their conduct.

She alleges that young ladies in every way worthy, modest and lady-like, but who are known to be making an effort to earn their own way honestly are the especial targets for offensive remarks and suggestive conduct.

The Democrat-Forum cannot believe that there are more than a handful of young men in this city who would be guilty of such conduct as charged, but these few should be promptly squelched. The local police are necessarily few in number and are not ubiquitous, but public sentiment and the paternal slipper can be used to good advantage on upstarts who may think it clever to frighten a young woman who is unprotected.

A lady naturally shrinks from police and publicity and would rather nurse insults in silence than to publicly complain, but every good citizen should make it a point to see that they are unmolested by toughs, and by youths with a flood of importance and a drouth of judgment. Otherwise the good name of Maryville will suffer.

Mrs. Mary Weisenberger went to Hopkins Friday to visit her daughter, Mrs. Bayard Hiatt, until Saturday evening.

Mr. and Mrs. Charles Sabor and son, Chauncey, left Friday noon for a trip to Des Moines and Omaha.

## T. H. BROWN DIED IN OKLAHOMA

Dr. S. C. McCluskey of this city received a telegram Friday morning announcing the death of Thomas H. Brown of Lawton, Okla.

The telegram was sent by Robert Stockton, and no particulars of Mr. Brown's death were given.

It is thought that Mr. Brown passed away suddenly. Mrs. Brown and their daughter, Miss Helen Brown, live in Boulder, Col., during the school year, where Miss Brown attends the state university. Dr. McCluskey had not heard Mr. Brown was in ill health. Mrs. Brown will be remembered by Maryville's older residents as Miss Kate Kemper. She was a sister of Dr. McCluskey's wife.

Mr. Brown was for many years a resident of Maryville and a leading capitalist of this section of Missouri. He was a diligent man in business and at all times and under all circumstances a gentleman.

He was born in Clermont county, Ohio, August 2, 1835, and was reared to manhood at his birthplace. In 1858 he moved to Menard county, Illinois, with his mother and brothers, his father having died. After remaining there some seven years, engaged in farming, he emigrated west in May, 1866, and settled in Maryville, where he began in the real estate business. He was in the real estate business with R. C. Montgomery, the firm name being Brown & Montgomery. He went to Oklahoma in the early days of that state and enhanced his fortune considerably in that country, we understand.

Miss Pearson, district president of the W. F. M. S. will occupy the pulpit of the First M. E. church at the morning service Sunday. The annual thank offering will be taken at that time. Visitors and friends are cordially invited to attend.

A. S. Blagg of near Barnard was a city visitor Thursday.

Judge H. H. McClurg of Pickering was in the city Thursday on business.

Charles Spoonemore and Henry Caulfelt of near Ravenwood were in town transacting business Friday.

Miss Elma Casteel of Ravenwood was a city visitor Friday.

### TWO HELD FOR BANK ROBBERY

Bandits Blow Safe of State Bank at Broken Arrow, Okla.

Tulsa, Okla., April 7.—Two men, alleged to have been implicated in the robbery of the First State bank at Broken Arrow, have been arrested. A man, who gave the name of Fred Walker, was arrested after a running fight with Grant Pilkington, a policeman, and Jack Lane, a cowboy, in a deep ravine near Turkey mountain. He is said to have confessed.

The other man now being held is John Bowman. He denies that he had anything to do with robbing the bank. Posses still are pursuing the other members of the quartet and it is reported that the bandits are surrounded near Turkey mountain.

Before the men entered the bank they overpowered James Wilson, engineer at the lighting plant. The bandits then cut all the light wires running from the plant and threw the city into complete darkness. Then they robbed the bank.

### OCEAN LINER STRANDED

Princess Irene Caught on Sands Near "Graveyard of Atlantic."

New York, April 7.—All efforts to free the steamship Princess Irene from its stranded position on the sands on the edge of the "Graveyard of the Atlantic," on the seaward coast of Long Island, proved futile and the 1,720 passengers, although within sight of their destination, remained on board last night. They put in a sleepless night owing to the heavy ground swell which battered the vessel to the full height of the superstructure. It lies within fifty miles of its pier at Hoboken.

After running into the sand in the fog, the liner lay helpless, surrounded by tugs and revenue cutters. Because of a rough sea no transfer of passengers was attempted pending renewed attempts to drag it clear.

### WOUND SAVES HIM FROM PEN

Leniency Shown Counterfeiter Who Was Injured in Civil War.

Kansas City, April 7.—A wound that has never healed since inflicted by a southern bullet in the civil war, probably saved Edward Sinclair of Mountain Grove, Mo., from a term in prison as a counterfeiter. Sinclair is seventy-three years old. He pleaded guilty in the federal court to counterfeiting, dies for making nickels and dimes having been found in his house. When Judge Lewis heard of the wound, and that a prison sentence would mean death in prison for Sinclair, he dismissed him with a fine of \$5.

## RADIANT HAIR.

Any Woman Can Have It by Using Parisian Sage.

Madam: If your hair isn't just what you would like it to be, why don't you use Parisian Sage.

If it does not put life and luster into the hair and cause it to grow abundantly you can have your money back from the Koch pharmacy.

"I cannot say enough in its favor. Two years ago I lost all my hair, I saw Parisian Sage advertised and thought I would try it. Before I had finished using the first bottle my hair had stopped falling and my head was covered with new hair; also removed all dandruff, and today I have a lovely head of hair.

I think Parisian Sage the best hair restorer and dandruff cure in the world today. It also makes the hair clean, fluffy, and silky, and I would recommend it to every one who wishes a hair restorer and beautifier."—Miss Mary E. Dickson, 287 South avenue, Bridgeton, N. J., 1910.

For men, women and children, there is no hair preparation that equals Parisian Sage; it never disappoints; it does just what the American makers advertised it to do. It banishes dandruff, kills the dandruff germ, stops falling hair of scalp itch, or money back. Sold by the Koch pharmacy and druggists everywhere. Large bottle 50 cents.

MOVE TO REOPEN  
LORIMER INQUIRY

La Follette Introduces Resolution for Another Investigation.

## NAMES HIS OWN COMMITTEE.

Action May Be Delayed Until Illinois Investigation Is Finished—Testimony Produced in Springfield May Be Used in Second Probe.

Washington, April 7.—Senator La Follette introduced a resolution providing for another investigation of the Senator Lorimer case. It names as the committee of investigation, Senators Works of California, Townsend of Michigan, McLean of Connecticut, Kern of Indiana and Pomerene of Ohio. No action was taken, as Senator La Follette intends to speak upon the resolution another day.

The resolution recites the action of the senate last session, when a move to declare the seat of Senator Lorimer vacant because of alleged corruption of the Illinois legislature which elected him failed. The resolution says:

"It appears from the published reports of the proceedings of the said Illinois state senate committee that witnesses who were not called and sworn by the committee of this senate appointed to investigate said charges, have appeared before the said committee of the Illinois state senate and on being interrogated have given important material testimony tending to prove that \$100,000 was corruptly expended to secure the election of William Lorimer to the United States senate."

The resolution provides for meetings of the committee during sessions of the senate and gives it full authority to subpoena persons and send for papers and to administer oaths.

## Resolution Will Be Opposed.

It is expected the adoption of the resolution will be opposed by senators who voted for Senator Lorimer last session and that an effort will be made to have the resolution referred to the committee on privileges and elections, of which Senator Dillingham of Vermont will be the new chairman. The Vermont senator, as a member of the committee, voted last session against the resolution to unseat Mr. Lorimer.

Never before in the history of the senate has an individual member sought to name a committee of investigation touching on the right of a senator to retain his seat, or for any other matter. When special committees have been named for any purpose, the personnel has rested with the vice president or the senate itself. In the latter instances the committees invariably have been subcommittees of standing committees.

All of the men nominated by the La Follette resolution began their terms in the senate with the convening of the present extraordinary session. It is understood they were selected at a conference of progressive senators.

Senator Stone of Missouri made the prediction at the White House that the senate would be compelled to investigate for the second time the charges of bribery in Lorimer's election. Senator Stone believes that a new committee will be appointed to prosecute the investigation.

"The testimony in the investigation in Springfield is so ugly," said Mr. Stone, "that it seems to me that congress must take notice of it and if I am not mistaken the senate will take some action. The proprieties of the situation might influence the senate to wait until the Illinois investigation is finished. Testimony produced in Springfield undoubtedly will be brought officially to the attention of the senate."

## VICTIM SHELDS BOND THIEF

Mrs. Armour Robbed by Young Woman in Whom She Had Confided.

Kansas City, April 7.—The Star says that it was a woman who took securities to the value of \$105,000 from the safe deposit box of Mrs. S. B. Armour in the New England National bank and sold them. She was young, entertaining and close to the widow of the late packer. So fond had Mrs. Armour been of her and so satisfied was she of the young woman's business ability that she had named her as an executor in her will. Since the discovery the will has been changed.

The most remarkable thing about the entire disappearance and sale of the securities is the fact that so far as can be seen, there has been no interruption in the friendship of Mrs. Armour for the young woman.

On one occasion, being questioned by a tradesman about her extensive purchases, the young woman explained that a wealthy brother was sending her money and that when she had accumulated \$50,000 from her brother's gifts she intended to "retire."

## INDICTS 210 VOTE SELLERS

LIPPINCOTT  
KILLS HIMSELF

Head of Philadelphia Publishing Firm Commits Suicide.

## HIS DEATH CAUSES SENSATION

Family and Friends at First Insisted That He Had Accidentally Shot Himself—Found With Bullet Wound in Right Temple.

Philadelphia, April 7.—Craig Lippincott, head of the publishing house of J. B. Lippincott company and prominent in financial and social life of the city, shot himself in his magnificent home, 218 Rittenhouse Square.

The cause that led Mr. Lippincott to end his life is not definitely known, except that an authorized statement given out by an officer of the publishing company states that he killed himself during a period of temporary aberration.

The tragic death of Mr. Lippincott caused a sensation. There was a strong disposition on the part of relatives and friends to doubt that he had died designedly, his son, Jay B. Lippincott, going so far as to make a sworn statement giving it as his opinion that his father had died by accident. It is declared that neither Mrs. Lippincott, the widow, who was in the adjoining room, nor the son, who was on the floor above, heard the fatal shot.

Mr. Lippincott, who was sixty-five years of age, was found dead by his valet. There was a bullet wound in the right temple.

## TELLS OF PLURAL NUPTIALS

President Smith Says Men Who Solicitize Them Are Hard to Find.

Salt Lake, April 7.—The position of the Church of Jesus Christ, Latter Day Saints, or, as it is commonly called, the Mormon church, on marriage was reiterated by President Joseph F. Smith in his sermon opening the eighty-first conference. He said:

"We ought to obey the law of the church with regard to marriage. As announced time and time again at these conferences, plural marriages have ceased in the church. There is no man authorized to perform a plural marriage. We have been doing all in our power to stop this. We have been doing all we can to trace the men who are performing such ceremonies. It is hard to locate them, but when we do find them we will deal with them."

"With respect to the idea proposed by some, to induce the congress of the United States to amend the constitution so as to give the federal government power to regulate plural marriage, so far as I am concerned I have no objection whatever to such an amendment. Neither has any other Latter Day Saint. Let the state petition to the national congress to regulate the whole subject of marriage in the United States and it will be a godsend to the people everywhere."

President Smith announced that during the year just closed there was one divorce to each 5,000 church members as compared to one divorce to each 1,100 persons in the United States.

Free Liver  
Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the sallow complexion, the pimply face, the dull pain in the forehead, the thickening of the blood, etc. A very quiet and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. Jas. Kennedy, St. Louis, Mo.; Mrs. S. A. La Rue of Smith's Grove, Ky., and many others.

These, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can also obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy or money will be refunded. Having tried it you can then buy it in the regular way of your druggist at fifty cents and one dollar a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results. It is pleasant to take and does not grip. It is especially good for all those who cannot stand a violent purgative.

To give you any medical advice you may desire for yourself or family pertaining to a stomach, liver or bowels absolutely free of charge. Explain your case in a letter and we will reply to you in detail.

For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 15-159 Caldwell building, Monticello, Ill.

PROF. OSLER IS RIGHT  
YOUTH ALWAYS SUCCEEDS AGE.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc.; and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

The comic drama "Jumbo Jum," to be given by the senior class of the high school this evening (April 7) promises to be very entertaining. Some of our best talent will appear in special numbers, including H. H. McMaster, vocal solo; Elbert Aiken, violin solo, and Miss Frances Miles, reading. We hope the community will appreciate the efforts of these young people and give them a rousing good crowd.

Dr. W. H. Boles of Marion, Ill., will lecture at the Christian church Saturday night, April 8, his subject being "Unbuttoning Buttoned-Up People." Dr. Boles comes very highly recommended. We understand he will preach all of next week at the same church.

The show at the opera house last Saturday night, "The Girl and the Hawk," was very good; in fact, one of the best ever given in Hopkins. Usually when a good company does come here they think that owing to the smallness of our stage there is no use trying to use much of their own scenery, but this company changed the program and made the little old stage look quite fitted. Why, if we would just look real hard and draw on our imagination a whole lot we might make ourselves believe we were in a "box" in the—Empire.

## WOMEN'S BEAUTY.

Imperfect Digestion Causes Bad Complexion and Dull Eyes.

The color in your cheeks won't fade, the brightness in your eye won't vanish, if you keep your stomach in good condition.

Belching gas; heaviness, sour taste in mouth, dizziness, biliousness and nausea occur simply because the stomach is not properly digesting the food.

The blood needs nourishment to carry vigor, vim and vitality to every part of the body, and when food ferments in the stomach enough nourishment is not supplied.

Mi-o-na stomach tablets give instant relief to upset stomachs, but they do more: they put strength into the stomach and build it up so that it can easily digest a hearty meal without giving its owner hours of misery.

"I had stomach trouble for six years—for days at a time could eat nothing at all. After taking Mi-o-na treatment I am in perfect health and can eat anything."—E. M. Campbell, 1290 S. Prospect St., Sedalia, Mo.

Mi-o-na is sold by druggists everywhere and by the Orear-Henry Drug company at 50 cents a large box. It is guaranteed to cure indigestion or any stomach distress, or money back.

### CURED TO STAY CURED.

How a Maryville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Maryville people testify. Here's one case of it: I. M. Woods, East Jenkins street, Maryville, Mo., says: "For some time kidney trouble had been lurking in my system, and although it did not bother me to any extent, I could see that the attacks were becoming more frequent and severe. Finally my kidneys became so badly disordered that I was obliged to seek relief. The kidney secretions were unusual and so irregular in passage as to annoy me greatly. I also had a pain in my back and could hardly stoop. Dizzy spells and headaches were common, and I was in a miserable condition when I learned of Doan's Kidney Pills. I began their use, and after I had taken the contents of three boxes I was free from kidney trouble."—(Statement given in 1901.)

#### Time is the Test.

On September 19, 1908, Mr. Wood added to the above: "The cure Doan's Kidney Pills effected in my case several years ago has been permanent. I am glad to again recommend this splendid remedy."
